Legionnaires,

August has been a very busy month. Dept. Adjutant "Butch" Hansen, Senior Vice Commander, Jeff DeClerck, Membership Chair Jim LaCoursiere and I attended the National Membership Workshop, in Indianapolis, August 8-10.

We also participated in the VJ Day Parade August 11. On August 17, we held our annual Membership Meeting to discuss our strategy for the next year. In addition, of course, we attended our 101st Annual National Convention, held this year in Indianapolis from August 22 - 29 where we continued to celebrate our 100th anniversary.

This year you will see more District and Department officers at Post meetings than in the past. It is an opportunity to ask questions, get answers and eliminate any communication barriers (get the facts straight).

We are going to continue offer training at the District or Post level. We also had District Officer training in July. We will have additional training scheduled at the Dept. Conference and entertainment at our Convention.

Finally yet importantly, we now have The Legion Act. Eligibility is now from December 7, 1941 until Congress decides there is an end to hostilities. This is another opportunity to bring in new members along with an attainable goal given to us by National to make 100% or more.

If any Post requires our assistance or would like us to attend a meeting or function please contact us. Let us work together and make it happen.

Remember, communication, fun and personal contact works!

For God and Country,
Dennis P. Beauregard
The American Legion
Dept of CT Commander

Comrades,

**THE LEGION ACT HAS BEEN SIGNED**

With the passing of the Legion Act, there is an excitement across the entire organization with the potential 4.2 million new eligible members that can now enjoy the benefits of The American Legion. As we enter our next century, we have been afforded a great opportunity and responsibility to set the stage for our next 100 years. I am challenging all of you to GET EXCITED about membership. We have to understand that the majority of new eligible members are still unaware of their eligibility. It is our job to get the word out to them. We cannot expect that they are going to just come walking in to your Post and fill out an application. Start talking about this with your membership and come up with ideas on how to advertise the Legion Act. Consider taking out a small ad in your local newspaper, post comments on social media, place a flyer in your local Town Hall, consider an Open House event at your Post and invite your local community to come see what the American Legion does for Veterans, children and youth and for the community.

I also ask Post and District Commanders to challenge your membership and yourselves to reach 100% membership by DECEMBER 31st before your member’s renewals are considered late and especially before January 31st before they are Out of Status. As we get later in to 2020, it gets harder to reach those members. Pay close attention to the members with less than 3 years of membership. This is where we lose a large number of members. Also, advise your members that have been serving The American Legion for many years that their mentorship and institutional knowledge is extremely important in the efforts to expand membership.

Always remember that assistance is available through the Membership, Leadership and Media Affairs Commission. Members of the Commission are available at any time.

For God and Country,

Jeff DeClerck  
Senior Vice Commander  
Department of Connecticut

My Fellow Legionnaires and Friends,

This is my final monthly letter to you; I would like to thank the Legionnaires from the Department of Connecticut for allowing me the opportunity in representing our Department as National Vice Commander during our Centennial Year. As promised from the beginning I chronicled my year by these monthly letters and posting on Facebook regularly so you all could take the journey with me.

Thank you to those who were able to attend my testimonial dinner on August 2nd at the Holiday Inn in Norwich. It was a great evening and the love in the air was pronounced by the comments I received from my family and friends who are not Legionnaires.

My final obligation was the 101st National Convention in Indianapolis. The National Vice Commanders were to be on stage and relieve the National Commander as required. Also, the entire 3 day convention is scripted; each NVC was scripted for a speaking part or assume the podium as the National Commander accepted donations for the various programs of the American Legion. My speaking part was on the 3rd day; I introduced the video to reflect on the National Commander’s year in office, and then introduced PNC Dan Dellinger to present the Colors to Brett Reistad for his year in office, then the Colors were retired leading into the election of the National Officers for 2019-2020. Sandra and I had the honor of meeting Vice President Mike Pence with a photo-op and he gave us each his challenge coin.

Our newly elected 2019-2020 National Commander is Bill Oxford (NC) and National Vice Commander for the Northeast Region is Frank MacDonald (MA).

Final thoughts: With the passage of the Legion Act our membership dates are; anyone that served honorably from December 7, 1941 through a date yet to be set by Congress is eligible to join our organization. Also, the American Legion delegates voted to replace the word “wife” with “spouse” in our Constitution & By-Laws related to the membership criteria for the AL Auxiliary. Now a member’s spouse can join the American Legion Auxiliary. This is an excellent opportunity for us as a Legion Family to grow membership leaps and bounds. Let’s make it our mission this year to seek out those that were once not eligible and Welcome them into becoming a new member today.

Many ask; “What are you going to do now?” My answer; “With my schedule freed up, become re-involved in the 5th District promoting membership and the programs of the American Legion. Also devote in assisting my fellow veterans and learning the many facets of my new position as Assistant Department Service Officer.”

Yours in TEAM 100 Spirit,

Paul Spedaliere
Past National Vice Commander
2018-2019
National Convention Comments

The 101st National Convention is now over and we have a new National Commander “Bill Oxford” from North Carolina. He will serve us well and we look forward to having him visit our Department in April 2020.

Post Officers Lists - Committee Forms and National CDR/ADJ Form

These are extremely important for HQ & Department Leadership so that we know who to contact at each post. The Post Commander & Adjutant National Form is how we update Nationals records, which is used to identify who the authorized officers are for approval of blank ammo acquisition and access to MyLegion.org. Please submit these as soon as possible, they are also available on our Department Website.

Post Membership Credit/Debit Notifications

To all posts, we will be sending out post credit & debit notifications during the first week of September. Please take the time to look them over as we have several posts with a large credit and several posts with a large debt. To all the posts with a credit please use this during your next transmittals until it is used up.

To all posts with a debt, from here on out we will not process your membership if you do not send a check with your transmittal and we will also not process your membership if you have an outstanding balance of more than $50.00. We are not a bank and cannot continue to carry a negative balance as we rely on membership dues as the main source of income for the Department to pay our bills and if you’re not submitting the correct amount that means we are operating at a deficit. PLEASE HELP US HELP YOU AND SEND IN THE CORRECT AMOUNT WITH YOUR TRANSMITTALS.

New this year, Posts that are processing their own membership online will receive a check from the Department in August for any credit they may have. This only applies to Posts who process their own membership, the policy will remain the same for those Posts who send their membership to our office for processing. You will be able to use any credit you have as payment on one of your transmittals.

PLEASE CALL OUR OFFICE IF YOU HAVE ANY QUESTIONS.

Please copy and share all Bulletin information as widely as possible!
Department Testimonial

This year we will have our Department Testimonial honoring our Commander Dennis Beauregard and Auxiliary President Lydia DeGumbia. It will be held at the Aqua Turf in Southington Connecticut on Sunday November 3, 2019. See the flyer inside this bulletin for more information.

Connecticut Solicitation of Charitable Funds Act 2018

To all Posts who actively seek donations, you are now required to register with the Department of Consumer Protection, this is a new law that was passed last year which requires all charitable organizations who solicit funds to register to help prevent fraud. This is a onetime registration and you will be issued a certificate that will allow you to actively solicit donations, if you don’t have this certificate you run the risk of being reported which will likely result in a fine. We are recommending that all Posts register to eliminate any issues that could arise.

We all know that there are fraudulent groups out there seeking donations from Veterans and citizens alike and claiming they are raising funds to help Veteran’s, this is why Connecticut has put this law in place. Let’s do our part and not become part of the problem.

Here is the link to apply: https://portal.ct.gov/DCP/Charities/Charitable-Solicitation-Registration-Information

Any organization may claim exemption from the financial requirements and filing fees by qualifying for one of the following exemptions: Any charitable organization which normally receives less than fifty thousand dollars in contributions annually, provided such organization does not compensate any person primarily to conduct solicitations. This applies to pretty much every Post in the state. Please use the “Exempt from full Requirements” application.

Please read the General Information sheet in this bulletin.

PLEASE CALL OUR OFFICE IF YOU HAVE ANY QUESTIONS OR NEED HELP WITH THE FORM.

Department Website

Changes are coming to our Department Website, we are adding information about our 501 (c)3 foundation and the ability to donate to our Legion programs. We are also looking to add the capability for potential new members to join and pay their dues from our website. We will be talking more about this in the coming months, there will be a letter sent to each post outlining our plans and what will be required of the Posts to make this work.

Please copy and share all Bulletin information as widely as possible!

General Information on the Connecticut Solicitation of Charitable Funds Act

This is a summary of some of the provisions of the Connecticut Solicitation of Charitable Funds Act, (CGS Chapter 419d, Section 21a-175 through 21a-190l). It is intended for organizations that are seeking information about whether they must register and what is required of them.

What Are The Act's Purposes? The purposes of the Act are twofold. First, to provide a source of information for the public on the financial and programmatic activities of charitable organizations that seek the public's support. Second, to better enable the state to detect and, if necessary, prosecute those who abuse the public's trust in philanthropic institutions.

How Do I Reach Public Charities? Public Charities may be reached at:

- ctcharityhelp@ct.gov (for questions or assistance)
- dcp.frauds@ct.gov (to file complaints)

Mailing address: Public Charities Unit
Department of Consumer Protection
450 Columbus Blvd, Ste. 801
Hartford, CT 06103

Telephone: (860)713-6170

Who is Covered? The Connecticut Solicitation of Charitable Funds Act applies to charitable organizations that solicit funds or anything of value. Carefully read the definition of charitable organization in the next paragraph. Then read the paragraph on "What Constitutes Soliciting?" If your organization fits within the definition of charitable organization and it solicits, then it is covered by the Act. An organization that does not fit the definition, or an organization that fits the definition but does not solicit, is not subject to the Act.

The Act defines a charitable organization as "any person who is or holds himself out to be established for any benevolent, educational, philanthropic, humane, scientific, patriotic, social welfare or advocacy, public health, environmental conservation, civic or eleemosynary purpose, or for the benefit of law enforcement officers, firefighters or
other persons who protect the public safety."

"Person" means "an individual, corporation, association, partnership, trust, foundation or any other entity however styled." Organizations that have been determined by the Internal Revenue Service to be exempt from federal taxation under sections 501(c)(3) (charitable, educational, religious, scientific testing) or 501(c)(4) (civic, social welfare) of the Internal Revenue Code are clearly subject to the Act, if they solicit (see Part D). Organizations that have not applied for or received federal tax exemption, or organizations that have received exemption under another category of section 501(c) are also subject to the Act if they engage in any activity that involves the solicitation of contributions. Thus, for example, a social club that solicits contributions for a scholarship fund is covered. Also, police and firefighter labor unions and benevolent associations are specifically included within the scope of the Act.

What Constitutes Soliciting? The Act defines "solicit" very broadly. In essence, it includes any request, however made, for any kind of support, financial or otherwise. This includes fund-raising by mail, telephone, in-person contact, posters, raffles and the sale of goods or services. For purposes of the Act, the extent of solicitation is largely irrelevant. Thus, an organization is covered even if it only solicits grants from corporations or foundations and does no "public" fund-raising. Anything received in response to a solicitation is a contribution. However, the statute specifically excludes from the definition of contribution "bona fide fees, dues or assessments paid by members, provided membership is not conferred solely as consideration for making a contribution in response to a solicitation."

Who Must Register? Who is Exempt? Any organization that solicits contributions for charitable purposes must register with the Department of Consumer Protection prior to the commencement of solicitation and must remain registered at all times during which it solicits funds in Connecticut, unless the organization meets one of the following criteria for exemption. Registrations expire after the last day of the eleventh month following the end of the organization's fiscal year. Organizations entitled to claim an exemption from registration are:

1. Any duly organized religious corporation, religious institution or religious society;
2. Any parent-teacher association or educational institution, the curricula of which in whole or in part are registered or approved by any state or the United States either directly or by acceptance of accreditation by an accrediting body;
3. Any non-profit hospital licensed under the laws of Connecticut or another state;
4. Any governmental unit or instrumentality of any state or the United States;
5. Any person who solicits solely for the benefit of an organization described in (1) through (4) above; and
6. Any organization that normally receives less than fifty thousand dollars ($50,000) in contributions annually, provided such organization does not compensate any person primarily to conduct solicitations.

The word "contribution" as used in item 6 of this list means any grant, promise or pledge of money, credit, property, financial assistance, or other thing of value received as a result of a fund-raising activity. It includes the gross amount received (before deducting expenses) in connection with a special fund-raising event. It does not include other kinds of revenue such as membership dues (see Part D) and fees received in exchange for providing a charitable service. "Normally" means for any two out of the last three consecutive years. If your organization has not been in existence that long, you may make a good faith estimate as to the amount of contributions that will be received each year. All amounts include world-wide contributions.

An organization falling within one of the classes described above is not automatically exempt. Exemption must be claimed by filing Form CPC-54, Claim of Exemption From Registration. There is no filing fee. Exemption need be claimed only once and does not have to be renewed, although the Department may from time to time require an organization to verify its continued eligibility for exemption. There is no annual financial reporting requirement. However, if the circumstances of the organization change so that the exemption no longer applies, it is the duty of the organization to register at that time.

**How does an organization register?** Application for registration is made annually. An organization which has never been registered with Connecticut files an initial application using an initial application form which can be downloaded from the Department of Consumer Protection website. Already-registered organizations receive a renewal registration application by mail from the Department. If a registered organization does not receive a renewal form or needs another copy, it can email [ctCharityHelp@ct.gov](mailto:ctCharityHelp@ct.gov) and request a renewal form. There is an annual $50.00 registration fee. With both applications, the organization is required to submit a financial report of its most recent fiscal year as well as information about the organization, its personnel, and its purposes. The Department will mail a verification of registration to you when it is processed. You can check the status of your registration at any time on the Department’s website.

**What financial information is required with the registration application?** A copy of an Internal Revenue Service Form 990, Form 990N, Form 990-EZ, or Form 990-PF, (whichever is appropriate for the organization) for its most recently completed fiscal
year-end. Please note that even if the organization is not exempt from federal taxation and, therefore, does not file one of these forms with the IRS, it still must complete the form for state purposes.

If the IRS form that the organization submits with its registration application reports gross receipts exceeding $500,000 (excluding grants or fees from government agencies and revenue from trusts held by a trustee, usually a bank, for the benefit of the organization), it must also file an audit report of an independent public accountant. The auditor's opinion can relate to the IRS form or to a separate set of audited financial statements. It is very important to observe the distinction between gross receipts and gross revenue for purposes of the audit threshold. Gross receipts include the total income from an activity without deducting expenses related to the activity. For example, if $50,000 worth of raffle tickets are sold and the prizes cost the organization $30,000, the full $50,000 is counted toward gross receipts, not just the $20,000 the organization netted.

If the organization is newly organized and has not yet completed its initial fiscal year, a financial report will not be required. The organization will have to include a financial report when and if it renews its registration.

**What if a Registration is Rejected?** Any organization whose registration is deemed deficient may request a hearing on its noncompliant status within seven days after receipt of the notice that the registration application is deficient. A hearing shall be held within seven days after the Department receives a request and a decision must be issued by the Department no later than three days after the hearing.

**What if The Organization Hires a Professional Fund-Raiser?** The Act creates two classes of what are sometimes referred to as professional fund-raisers. A bona fide, non-temporary salaried officer or employee of a charitable organization does not fall within either class.

A **Fund-Raising Counsel** is one who plans, manages, or otherwise advises an organization with respect to a fund-raising effort but who does not directly solicit contributions and who does not hire someone else to do soliciting. The only filing requirement is that the Fund-Raising Counsel submits to the Department of Consumer Protection a copy of the contract between it and the charitable organization. The exception is in the unusual circumstance where the Fund-Raising Counsel has custody
or control of contributions. In that event, the Fund-Raising Counsel must separately register and post a surety bond with the Department.

A Paid Solicitor is one who is hired by the charitable organization to solicit contributions on its behalf. Generally, the litmus test of whether someone is a Paid Solicitor is whether there is person-to-person or voice-to-voice contact between the solicitor and the prospective donor. Thus, a person or firm hired by the charitable organization to make telephone solicitations would be a Paid Solicitor, whereas a firm hired by the non-profit to prepare a solicitation solely by mail would be considered a Fund-Raising Counsel.

The Act imposes particular requirements on Paid Solicitors and the charitable organizations that hire them. The Paid Solicitor must annually register and post a $20,000 surety bond with the Department of Consumer Protection. Also, the Paid Solicitor and the charitable organization must jointly file a notice of intent to solicit prior to the start of each separate fund-raising campaign and must file a financial report at the conclusion of each campaign. This financial report is in addition to the annual report required of the registered organization discussed above. Reference should be made to the Connecticut Solicitation of Charitable Funds Act for the particulars on these and other related requirements.

What About Commercial Sales Promotions That Benefit a Non-Profit? A possible source of funds for charitable organizations is the offer by a commercial enterprise to donate to the charitable organization a portion of the revenue derived from the advertised sale of a product or service. The objective for the commercial enterprise is to increase product sales by being identified as supporting a charitable cause. For the charitable organization, it is a source of revenue and perhaps a means of increasing its name recognition.

The Act refers to these joint ventures as charitable sales promotions. A business, which the Act refers to as a Commercial Co-venturer, that engages in a charitable sales promotion must have a contract with the charitable organization and file a copy of it with the Department prior to the start of the sale. The Act specifies certain provisions that must be in the contract. They are:

- a description of the goods or services to be offered;
- the geographic area in which the sale will occur and the time frame in which it will occur;
- a provision for a final accounting by the Co-venturer to the charitable organization;
- the date and the manner in which the benefit is to be conferred on the charitable organization; and
- the manner in which the name of the charitable organization is to be used in the promotion, including any representation to be made to the public as to the amount or
percent per unit of goods or services purchased or used that is to benefit the charitable organization. In this regard, it is important to note that the Act requires this kind of benefit disclosure in all advertising relating to the sale.

INCORPORATION, TAX EXEMPTION AND GAMES OF CHANCE

Registering with the Department of Consumer Protection to solicit funds, or claiming an exemption from registration, is unrelated to incorporating, obtaining tax exemption (state and federal) and being licensed to conduct games of chance (raffle, Las Vegas nights, etc.). There are other state and federal agencies you need to contact for information about those matters.

Incorporating

Although you do not have to incorporate, there may be advantages in doing so. We urge you to seek professional advice. In Connecticut, organizations incorporate through the Secretary of the State, 30 Trinity Street, Hartford, CT 06106. Website: www.sots.ct.gov/sots

Tax Exemption

If your organization wants to be exempt from federal income tax, the organization must apply to the Internal Revenue Service. Information about this can be obtained from the IRS by calling 1-800-829-FORM (3676) and ordering Publication 557, "Tax Exempt Status for Your Organization," or on the web at www.irs.gov. Again, we urge you to seek professional advice.

State of Connecticut tax matters, including exemption from paying sales tax on products your charity purchases, are handled by the Connecticut Department of Revenue Services, 25 Sigourney Street, Hartford, CT 06106. Website: www.ct.gov/drs

Games of Chance

Connecticut law allows certain organizations to conduct games of chance, such as raffles, Las Vegas Nights, bingo, and others. Permits are required. Inquiries should be directed to the Department of Consumer Protection's Gaming Division at: dcp.gaming@ct.gov.
Stories that need to be told!

This story: “Veteran Parade Marshal Steps Off for Last Time” was written by reporter Joseph O’Brien, Hartford Courant, June 24, 1963, pg. 46. For the most part, this was his work.

The day was Sunday, June 23, 1963. The occasion was the Winsted Annual Laurel Day Parade. The World War, the War to End All Wars, had come to an end on November 11, 1918, 45 years past. Parade Marshal and Legionnaire Henry B. MacPherson, 69, made his last march, not much different than his marches across shell shocked French fields, littered with fallen comrades, animals and the dead. The World War hero thought this is my last parade... “I’m retiring from parades.”

He recalled that parades had good years and then there were those other ones. Some years, he marched along with Governor Dempsey, fire chiefs, selectmen and veterans. Another year, he was the drum corps major. He thought about the Drum Major stunt, when his stick flew out of his hand into a firehouse. Probably, with the thought he smiled, as he noted, the parade continued as I crawled under a fire truck to retrieve my drum stick. And he noted that while marching he picked up a dollar bill, and the drum corps just kept on going. After 45 years of parades, 22 in Connecticut, you would expect this hero would take it easy.

What makes anyone a hero? “A Citation signed by General John J. Pershing said that Corp. Henry B. MacPherson, 306 Infantry, 77th Division took part in a battle near St. Juvin, France (*) and for extraordinary heroism’ was awarded the nation’s second highest military award for valor – the Distinguished Service Cross. He received this citation; it says that Cpl. MacPherson volunteered repeatedly, during the attack on St. Juvin, to carry messages through severe enemy barrage. Throughout the action this soldier showed entire disregard for personal danger and a devotion to duty far beyond the scope of his position... After the war, he stood on the Drill Field, Fort Devens, as the entire battalion passed before him in review. But since that time, he marched in review for others.

He began as a Drum Major in Bridgewater, Mass. and a member of the Bridgewater Drum Corps, Brockton American Legion Band and when he moved to the Winsted area in 1941, he became part of their parade scene.

Henry Burns MacPherson was born 17 Mar 1895, Tewsbury, Massachusetts, but early life was spent in Abington, Mass. After the war, he worked for Railway Express. He married Grace Wiggins and they had one son, Richard W. MacPherson. Prior to his death, he lived in Norfolk, CT, but died 19 Feb., 1981 in Torrington.

(*)The town of Saint-Juvin is located in the French region of Champagne-Ardenne.

1967 Report – The Rehabilitation Stamp Program – Annual Report by Donald F. McCarthy, Director

"The year 1967 was the third year that we have operated the Rehabilitation Stamp Program... The worth of this program is indicated by the support that it has received over the past three years...

The program started approximately one month later this year due to a mailing problem at National Headquarters, but once that was resolved, it was full speed ahead.

For the period of April 1st up until June 7th, the following amount was returned to Department... $4,510.85. Expenses: envelopes and postage = $1,297. Net return as of June 7, 1967 = $3,213.85. I am confident that this figure will be appreciably increased when all returns are submitted.

I wish to thank the members of New Haven Fire Department Post 132 and firemen who volunteered their service in assisting in the mailing of these stamps. This is the second consecutive year that the firemen’s post has handled this job of mailing some 29,000 envelopes out. If we did not have this volunteer help it would be impossible to operate this fund raising program as the cost of labor would be prohibitive.

I wish to express my sincere thanks to all of my friends in this department for their loyal support of this program and my sincere thanks to you, Mr. Commander for the privilege of serving as one of your Directors."

THE AMERICAN LEGION
A BRIEF HISTORY

The American Legion was founded March 15-17, 1919, by members of the American Expeditionary Forces still stationed in Europe awaiting passage home from World War I. Their experiences in what was called the "war to end all wars" would shape an enduring agenda for what became the nation's largest organization of veterans.

Many of the Legion's founders had voluntarily drilled in civilian military camps before the United States entered the war. Trained in the "Preparedness Movement," several future Legion founders were commissioned as officers in the war and discovered firsthand the nation's deficiencies in defense, citizenship and education. Soon after the war's end, they also realized how poorly prepared the United States was to assist a wave of disabled and unemployed veterans who faced uncertain futures in their communities, states and the nation.

The American Legion's emergence and rise to prominence was based on a mission to strengthen the nation through programs, services and advocacy that helped millions throughout the organization's first century.

The American Legion built its legacy with a vision to make the nation prouder, stronger, smarter and more respectful of those who have sacrificed some, or all, in defense of the nation. Following are some The American Legion's achievements during its first century.
VETERANS

- Formed a network of service officers in 1919 that now exceeds 3,500 to help disabled veterans, free of charge, file for government benefits
- Successfully campaigned to put all veterans services under one federal authority, the Veterans Bureau in 1921, predecessor to the Veterans Administration in 1930 and the Department of Veterans Affairs in 1989
- Assisted millions of veterans in pursuit of rewarding careers; by June 1922 had already placed more than 500,000 veterans in permanent jobs and 200,000 more in temporary positions
- Successfully lobbied Congress to protect veterans benefits, VA hospitals, training programs and services on the federal budget chopping block over the decades
- Developed programs and advanced research into what became post-traumatic stress disorder as early as 1921, when it was mischaracterized as "shell shock"
- Produced studies that led to official diagnosis of PTSD in 1980 and proved that service-connected exposure to Agent Orange and atomic radiation caused diseases that demanded government accountability
- Achieved Veterans Preference Hiring for federal jobs
- Drafted, presented, promoted and pushed to passage the Servicemen's Readjustment Act of 1944, the original GI Bill that transformed U.S. economy and culture in the second half of the 20th century
- Worked to improve the GI Bill for post-9/11 veterans, including the 2017 Harry W. Colmery Veterans Educational Assistance Act, the "Forever GI Bill"

NATIONAL SECURITY

- Lobbied persistently for a better-funded and more efficient national system of defense
- Called for the establishment of a separate service branch for aeronautics as early as 1919, which helped give birth to the U.S. Air Force in 1947
- Pushed Congress for "universal military training" for decades, culminating in the Reserve Forces Act of 1955
- Conducted thousands of troop-support programs, including deployment ceremonies, welcome-home events and provision of needed items in theater
- Established and staffed thousands of local first-response units and civil patrols during World War II
- Provided financial and volunteer aid for military parents through American Legion Temporary Financial Assistance and Family Support Network programs established during the Gulf War
- Began The American Legion Blood Donor Program in 1942, and became the largest organizational blood donor to the Red Cross in the nation
- Re-established the Blue Star Banner program to recognize military families with deployed loved ones after 9/11
- Launched a program to provide comfort items for U.S. military personnel recovering from wounds in DoD hospitals or transition units, ultimately named Operation Comfort Warriors in 2008; has distributed millions of dollars of goods, games, books, music, recreational equipment and event passes for troops and their families
- Provided emergency grants for members of the U.S. Coast Guard who had pay delays due to the January 2019 federal government shutdown
- Fought to protect military retirement benefits and TRICARE insurance
- Stood as a national leader in the recovery and repatriation of all U.S. POWs and MIAs
- Passed and reaffirmed national resolutions, beginning in 2005, supporting the troops and their mission in the global war on terrorism
AMERICANISM

- Actively promoted responsible U.S. citizenship and patriotic awareness beginning in 1919
- By January 1920, began providing U.S. citizenship and naturalization programs for immigrants, with support from Congress
- Led flag conferences in 1923 and 1924 that established the first standard rules for treatment and respect of the U.S. flag, adopted in 1942 as U.S. Flag Code
- Established official retirement ceremonies for worn-out U.S. flags, most often a joint activity with Boy Scouts of America units
- Began American Legion Boys State in Illinois in 1935 to counter communist-inspired youth camps in the United States and to teach the way government operates in a democracy, a program that went national in 1946 and ultimately became American Legion Boys Nation
- Strongly advocated for active participation in the voting process, conducting thousands of candidate forums and a national Get Out the Vote program
- Assembled the Citizens Flag Alliance after the controversial 1989 Supreme Court ruling defining deliberate flag desecration as free speech and began a campaign to seek a constitutional amendment to return to the states the right to pass laws to protect the flag

CHILDREN & YOUTH

- Urged American Legion support for Boy Scouts of America as the organization's first youth program supported by resolution, in November 1919
- Established an enduring relationship in 1921 with the National Education Association “to cooperate in securing for America a program of education adequate to meet the needs of the 20th century ... which will make all, native or foreign-born, good American citizens.”
- Launched American Legion Baseball in 1925 to promote citizenship through sportsmanship, a program that would grow to field thousands of teams over the century
- Developed and operated marksmanship competitions that became the national American Legion Junior Shooting Sports Program in 1991
- Sponsored thousands of Junior ROTC programs across the country and at American schools overseas
- Created and operated a National Oratorical Contest beginning in 1938, continuing today, that requires high school-age orators to speak on the U.S. Constitution
- Established a national network of child-support field representatives in the 1920s and operated orphanages throughout the country to assist kids who needed stable homes and mentorship
- Formed the Child Welfare Foundation in 1954 to provide grants to support organizations and agencies that assist young people facing challenges not of their making
- Provided thousands of scholarships for high school students seeking college educations
- Launched an ongoing program in 1926 that recognizes with School Award Medals young people for their character, service and citizenship.
- Was chosen by Samsung Corp. in 1995 to administer a $5 million fund to provide scholarships for Boys State or Girls State participants who are descendants of U.S. wartime veterans
- Established an American Legion Legacy Scholarship in 2001 that provides college funds for children of military personnel killed or 50 percent or more disabled
COMMUNITY SERVICE

- Immediately established civil defense as a function of The American Legion and began a century of support in communities wracked by disasters, from mining accidents to tornadoes, wildfires and hurricanes
- Launched a Community and Civic Betterment Bureau in 1923 to help municipalities build and improve parks, playgrounds, health-care facilities, swimming pools, schools and theaters throughout the United States
- Served meals, provided housing for refugees and searched for survivors of the massive Mississippi and Ohio River floods of 1927 and 1937
- Sponsored soup kitchens at American Legion posts to help destitute citizens during the Depression throughout the country
- Helped establish state highway patrols, and supported them, as they emerged across the country
- Established the National Emergency Fund in 1989 to formalize The American Legion's long program to provide disaster relief
- Delivered millions of dollars in National Emergency Fund grants for relief efforts after Hurricane Katrina, Wilma and Rita on the Gulf Coast, and the flooding that followed in New Orleans
- Conducted dozens of natural disaster relief efforts, following Superstorm Sandy, Hurricanes Irene, Michael, Maria and others, wildfires in California, devastating flooding in the Midwest and other crises

HONOR & REMEMBRANCE

- Took a lead role in 1920 to formally observe Memorial Day at the graves of U.S. military personnel laid to rest in some 2,400 temporary cemeteries in Europe
- Was actively involved in the development of the American Battle Monuments Commission in 1923
- Backed legislation in 1920 to install the Tomb of the Unknown Soldier at Arlington National Cemetery, dedicated Nov. 11, 1921
- Helped dedicate the towering Liberty Memorial in Kansas City during the third national convention, in 1921
- Raised funds in 1926 to help build the Ossuary at Verdun, France, to remember the cost of World War I
- Pushed for 24-hour guarding for the Tomb of the Unknown Soldier in 1937 and purchased lights for the shrine in 1969
- Raised over $1.2 million, most by any organization, to build the Vietnam Veterans Memorial, dedicated in 1982 “Salute to Vietnam Veterans”

Donations Welcome
Please join us at the New Haven *Walk to End Alzheimer’s* at Lighthouse Point Park, on Sunday, September 29, 2019.

We need volunteers during the hours of 6:00am to 1:00pm.

We have tons of fun and need to cure this devastating disease. These donations are used not only to support promising research for treatments and a cure, but also in your community for support groups, respite programs, community awareness and our 24/7 Helpline.

Without our special volunteers, we could not help so many people in need.

We need your help!

Thank you!

Please contact Denise Loeb at dloe@alz.org or call at 860-828-2828, to be scheduled for your volunteer time.

Thank you for Making a Difference!
