Hands Touching Hearts is a global outreach effort originated by Ann M. Cosgrove, a graphic artist in Vernon, Connecticut. The program gives Americans of all ages the opportunity to create handcrafted keepsakes for United States military personnel. The thank-you gifts are distributed free of charge to active-duty service members, reservists and veterans. Since the inception of *Hands Touching Hearts* in 2017, participants have numbered in the thousands and ranged in age from 2 to 102! *To submit the number of World War II veterans you'd like to honor, contact (name) at (phone or email) no later than (date). One gift per veteran, please. (Organization) will not share your information with anyone. Gift requests will be granted in the order in which they are received, while supplies last. When your gifts are available, you will be contacted by phone and instructed to pick them up at (organization name and address). The gifts will be held for you for two weeks. After that time, (organization) will assume that you are no longer interested and will distribute the gifts to the next veterans on the waiting list.
